

Rotary Club of Dhulikhel
Service Project Report for the month of September 2026
Club News and Activities

Title (4-7 Words):	Rheumatic Heart Disease Screening& Heart Camp - 2
Club Name:	Rotary Club of Dhulikhel Club no 50576
Event Date:	29 August 2026
News (100-250words) - Specialty - Facts & Figures - Budget - Beneficiary Profile - Impact/Outcome	A healthy child is the foundation of a healthy community. On August 29, the Rotary Club of Dhulikhel, in collaboration with the Nepal Heart Foundation, conducted a General Health Checkup and Cardiac ECHO Screening Program at Kalika School, Batashe. A total of 122 students received health and cardiac screenings. Around 10 children were identified with findings requiring attention, and 3 were referred to Dhulikhel Hospital for further evaluation. The program was supported by NPR 35,000 from the Nepal Heart Foundation and NPR 15,000 from the Rotary Club of Dhulikhel, promoting early detection and greater health awareness among students and the school community.
